SUMMARY

Creative and detail-oriented Frontend Developer with experience in building modern, responsive, and user-friendly web applications. Proficient in React.js, Tailwind CSS, and MERN stack development. A strong team player with a passion for delivering impactful projects and a track record of successful real-world implementations.

SKILLS

Languages: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, Next.js, Node.js, Express.js, MongoDB

Technologies: React.js, Node.js, Express.js, MongoDB

PROJECTS

Project-1	Consultation Services By Doctor A web application where users can view doctor profiles and book consultation services online. Features include user authentication using Firebase, doctor detail viewing, and a responsive booking system. Developed using React.js, Tailwind CSS, Express.js, MongoDB, and Firebase Authentication. GitHub Link
Project-2	Real Estate Developed a responsive real estate website where users can explore property listings and book properties online. Includes features like property filtering, detailed property pages, booking system, and dynamic data loading. Built with React.js, Tailwind CSS, Express.js, and MongoDB. GitHub Link
Project-3	Hotel Booking Designed and developed a modern restaurant website featuring category-based tab menu, dynamic food item display, and responsive UI. Users can view different food items like salad, pizza, dessert, etc., from a local JSON source. Built using React.js and Tailwind CSS with smooth animations and clean design. GitHub Link

EDUCATION

2022-2025	BSc in Computer Science and Engineering Graduate 3.15 out of 4.00 Daffodil International University
